PROJECT NUMBER: P160533

Procurement of: Design, Installation and Commissioning of a
Government Data Centre in Malawi

RFB No.: MW-PPPC-174450-GO-RFB

Addendum No.: 1

Bid Submission Closing Date

Bidders are advised that the Project is having some ownership challenges with the building which was initially identified to house the Data Centre in Lilongwe. It is the understanding of the Public Private Partnership Commission (PPPC) that bidders may have challenges in finalizing their Bids without assessing the actual building to house the Data Centre.

It is with this understanding that the PPPC has revised the closing date for bid submission for the Design, Installation and Commissioning of a Government Data Centre in Malawi. The actual closing date shall be communicated after the issue of the building to house the Data Centre has been resolved.
